Subject: Site files

Shawna – Can you send me an index of the documents that you have for the following Sites?

- Upper Animas (Colorado)
- Upper Cement Creek (Colorado) – It may be that this is considered part of the Upper Animas for SDMS purposes or it may be considered a separate site. I'm not sure.

If the indexes for either (or both) sites is too large, just let me know the # of documents that are in each file. Thanks.

Paula Schmittdiel
